Q: It would appear that, albeit with increases proposed in different object of expenditure codes and apart from the technical adjustment for ESCWA, there was a general approach to increase budgetary provisions under the RPTC by 7 per cent. Was a policy decision taken to increase the RPTC by 7 per cent? If not, how can the generalized outcome be explained?

DESA is requested to provide the response based on the verbal responses from Mr. Harris. PPBD to provide additional input

DESA: This should be responded by PPBD. Mr. Harris did not explain a policy decision to increase RPTC by 7%. He mentioned that the RPTC is a small part of the overall UN development assistance.

Q: Do you coordinate with Office of the High Representative for the Least Developed Countries, Landlocked Developing Countries and Small Island Developing States (OHRLLS)

24b.1 The Development Policy Branch (DPB) of DESA coordinates closely with OHRLLS on issues related to LDCs, including the coordination of capacity development activities to countries graduating from the LDC category. DPB actively participates in the Inter-Agency Task Force (IATF) for graduating LDCs (chaired/lead by OHRLLS), which coordinates activities for these countries among the United Nations Development System (UNDS) and other international organisations working on LDC issues. For instance, in 2019 OHRLLS and DESA worked closely in the organization and implementation of joint IATF missions to Solomon Islands and Sao Tome & Principe.

24b.2 The SIDS Unit in DESA closely coordinates its activities with the SIDS Unit of OHRLLS. Both entities have different mandates: DESA/SIDS provides support to intergovernmental processes (such as the implementation of the SAMOA Pathway), analytical support and provides policy advice through capacity development activities. OHRLLS/SIDS is more focused on advocacy of SIDS issues. Both teams meet regularly and take turns in chairing the inter-agency consultative group (IACG) on SIDS and coordinating SIDS-related events. The most recent and prominent example for this cooperation is the preparatory process for the High-Level Mid-Term Review of the SAMOA Pathway, which required the organization of three regional and one global preparatory meeting for SIDS in 2018, culminating in the actual review and adoption of the ministerial declaration during the GA high-level week in September 2019. Both units took turns in organizing the four preparatory events and both supported Member States throughout the intergovernmental negotiations of the outcome document.
